```
My telly's gone bung
What am I to do about the ABC
My telly's gone bung
What am I to do about my predicament
My telly's gone bung
I plugged it it in and it turned me off again
I've waited up for you
To come alive and bring some truth back to me yeah
Cos I'm where I wanna be in front of my TV
My telly's gone bung
What am I to do about Kylie & Jason now
My telly's gone bung
I don't really care for their predicament
I've waited up for you
To come alive and bring some truth back to me yeah
Cos I'm where I wanna be in front of my TV
If it was up to me
I'd let these people see
What people do
I've been watching you too
I've waited up for you
To come alive and bring some truth back to me yeah
Cos I'm where I wanna be in front of my TV
If it was up to me
```

I would let these lovely people see

If it was up to me
If it was up to me
