

# March for the Pentagram

Cruel Force

Light the flame of Satan  
Burn the son of God  
Reign tonight our master

Ancient rites of evil  
Praise unholy might  
Fear nocturnal reaper  
Crush the holy light

Blood of god in your sacristy  
Wine of lies and the impurity  
Drink the gore of lord Jesus Christ  
And you'll see the fire in demon eyes

Satan's soldiers are gathering under the pentagram  
Hellish army is marching forward for the pentagram

Lift your sword and rip the angels wings  
Damned to die in flames the jewish king  
Wear with pride the crown and burning rings  
Hell will rise to reign in blasphemy

Satan's soldiers are gathering under the pentagram  
Hellish army is marching forward for the pentagram  
Satan's soldiers are gathering under the pentagram  
Hellish army is marching forward for the pentagram

See your saviour dying  
Bow down unto me  
Hail our father Satan  
In eternity

See your saviour dying  
Bow down unto me  
Hail our father Satan  
In eternity
