

# Lonely Won't Come Around

Crystal Bowersox

I've got something that I must confess,  
A little high ..is raising in my chest,  
But I got to get used to this I guess,  
'cause your love is moving me.  
I don't know how I but I ..  
Like a kid ..in a nursery school,  
You slept me up my feet and then I felt for you,  
You don't know it's true.

Now that I know that lonely won't come around,  
No, no, no, lonely won't come around,  
Since I make a ..  
Lonely won't come around, lonely won't come around,  
If ..  
I felt like a flame jumped out the glass,  
..talking in the past,  
So let's switch time and make the sunshine last,  
Wherever you and me

Without songs that are gonna be,  
Sing it, sing it  
I feel like a little child,  
My hands of ..will running wild,  
And I'm crying ..at the crowd.

And now that I know that lonely won't come around,  
No, no, no, lonely won't come around,  
Since I make my ..  
Lonely won't come around, lonely won't come around.

Oeo, ooo, oeeoo, oh oh oh

Lonely won't come around, ohh, lonely won't come around,  
Since I make my ..  
Lonely won't come around, lonely won't come around, yeahhh, mmm
