

Let Them Know

Crystal Lewis

I was dreamin' about a time I've waited for
Christ was coming on his way
On his way to take us home
All of my friends stood and watched as I went by
I never told them the reason Jesus had to die
Just then I awoke to see-opportunity

If you love someone, if you love somebody
Let it show, let them know of the fathers love
Tell them of his glory; let them know
Conversation-You say so much but nothings said
Confrontation-What's going on inside their head?
Hesitation-There's no easy way to start
Determination-Just let the Lord speak through your heart
Don't pass up opportunity-set them free!
