

## Set Ya Free

Crystal Lewis

Now faith is the evidence of things not seen  
Yes, the assurance of everything that sets us free  
So be assured that Christ will be back any day now  
I know He's coming soon for me, are you ready?

Don't be fooled my friend when men say  
I'm the one  
Don't be fooled for by your faith  
From your weakness you have been made strong  
Set ya free  
Set ya free  
Set ya free  
The blood will set you free

I'm looking for a city  
Whose builder is the Lord  
And nothing but the blood of Christ  
Could give such a reward

Don't be fooled my friend when men say I'm the one  
Don't be fooled for by your faith  
From your weakness you have been made strong  
Set ya free  
Set ya free  
The blood will set you free
