

# The Skies Are Bleeding

Crystal Tears

Embrace the horror and the lie remains the same  
This brutal planet commits suicide again  
Trumpets will sound the soundtrack of death

Thunders and storms  
Dimensions higher  
Planet reforms  
Cosmos on fire

Unleash the fur of the gods - The skies are bleeding  
Heavens shall burn, it's war of worlds - The skies are bleeding

It's time to sell big news catastrophe of world  
Deadeye disciples preaching vacant words of hope  
What's to be done will be done no parole

Thunders and storms...

Unleash the fury of the gods - The skies are bleeding  
Heavens shall burn, it's war of worlds - The skies are bleeding  
Apocalyptic psychostorm - The skies are bleeding  
Welcome to Hell, I bid you all - The skies are bleeding

Unleash the fury of the gods...
