

Blackout

Cubanate

Countdown to the meltdown
Countdown to the shakedown
Love hurts when you're bleeding from the mouth
You lied to me
it doesn't matter now

Blackout blackout
sweet dreams
blackout
Blackout blackout
sweet dreams

Sixty seconds to the end of the line
I've got sixty seconds to the end of the line
Five minutes to midnight

I bet you love this
I bet you're loving every minute
You love this
I bet you're loving every minute

Countdown to the meltdown
Countdown to the shakedown

Bring on the
Blackout blackout
sweet dreams blackout
Blackout blackout
sweet dreams blackout

Sixty seconds to the end of the line
I've got sixty seconds to the end of the line
Kiss me goodbye kiss me goodbye
Kiss me goodbye at the end of the line

Blackout blackout
blackout blackout
Blackout blackout
blackout at the end of the line
