

## Chant As One

Culcha Candela

Culcha we have and culcha we gonna burn  
All we need a fi me chant as one  
Spread it inna europe all over da world  
Unity a fi me vibration  
You know seh culcha we have and culcha we spread  
All we need a fi me chant as one  
Move it up and bring it on same way

Never ever abuse a good friendship  
Always better if you know who you're with  
Cheese and cheddar less important if you have  
A relation to trust in to put your heart in  
Without integrity there is no unity  
Without love and harmony  
We won't move far you will see you will see

See so much hate inna di street everyday  
So many people suffer and get done out there  
Just because some can't accept that in dem brain  
Love is di only thing that can protect us from all evil  
We have to carry it with us everyday  
Show it inna di street and your life same way  
All a di people gwaan give you back what you need  
Love is di only thing we need fi reach unity

Culcha we have and culcha we gonna burn  
All we need a fi me chant as one  
Spread it inna europe all over da world  
Unity a fi me vibration  
You know seh culcha we have and culcha we spread  
All we need a fi me chant as one  
Move it up and bring it on same way

U gotta learn u zum n zum i-t-y das steht für unity  
Klar nenn doch alles Babylon doch dann bist ja du wie  
Diejenigen die uns belästigen die ewig gestrigen  
Die ihre Meinung so schnell festlegen

All crew  
Ready fi come in as can't as one we gwaan make it  
Let go your prejudices and nah fake it  
If da world asleep we need someone come wake it  
Teach bad mind conscious living is for me and you

Test it when u feel like havin' enuff energy  
Test and then u see if u the man u ought to be  
Think again and check yourself for brain activity  
Doublecheck philosophy of fightin' unity

When man have good advice then we take it  
If we give someone a promise we nah break it  
Life is more than a party still we shake it on

Culcha we have and culcha we gonna burn  
All we need a fi me chant as one  
Spread it inna europe all over da world  
Unity a fi me vibration

You know seh culcha we have and culcha we spread  
All we need a fi me chant as one  
Move it up and bring it on same way

Culcha sing song together  
Feel di vibration of peace and unity  
Come together inna ona harmony
