

Ain't No Love Lost

Curtis Mayfield

Been layin' with you girl a many a year
Suffered your every weakness
And shared with you every tear
Stood lookin' like a fool
Claimin' you all mine
When I know what you was doin'
People doin' it all the time

You and I have to say it
How we were supposed to play
You claim not to be serious
And now you wanna leave me

Ain't no love
Ain't no love
Ain't no, ain't no
Ain't no love lost
Ain't no love lost

I just should not become ... Casanova
And with a little luck you make it over
You may not know
That ... another love's hard to find
And what's been played on me
Can be played on you in turn

You and I have to say it
How we were supposed to play
You claim not to be serious
And now you wanna leave me

Ain't no love
Ain't no love
Ain't no love lost
Ain't no love lost

You told me long ago
That you really love me so
And now you've gone and left
And I'm here by myself
Do you wanna know my feelings
What is really in my heart
Go on about your business
From you girl I don't want no part

And it's such a shame ...
...
... how you play
and you ...
... where you go
cause I really like you out of sight

You and I have to say it
How we were supposed to play
You claim not to be serious
And now you wanna leave me

Ain't no love
Ain't no love
Ain't no love
Ain't no, ain't no, ain't no
Ain't no love lost

Ain't no, ain't no
Ain't no love
Ain't no love
Ain't no love lost
Ain't no love lost
Ain't no love lost
Ain't no love lost
Ain't no love lost
