

## Morning Spank

Custom

you lie and cheat i might have to beat you you stab my back i might put the  
heat to you dont drag your feet you  
know you have to face me its not just once that youve disgraced me

layout your soul get rid of the weakness dont diss your boys over some princ  
ess girls come and go but friends are a life  
sentnce i'd walk away but your one of my best friends

there is no piece of ass worth a friendship  
there is no piece of ass worth a friendship

a friend doesnt let a friend bang another friend's girlfriend

there is no piece of ass worth a friendship

dumb enough to go there nothing will mend it  
no matter the excuses or just how loose she is  
what will follow wont pay for the juiciness

dude but dude  
i dont know  
i dont know what to say

say  
i am a fucking idiot  
i never should've gotten into it  
and i will never do it again  
say  
i am a fucking idiot  
i never should've gotten into it  
and i will never do it again

i felt at the moment the two were introduced  
he's just the type and she's a toulouse  
so i took him aside  
tld him she was with "D"  
he said what do i look like a fucking lewinsky

two weeks later she was greased up  
and screaming  
the story came out  
full details of reaming  
so everyone hates everyone  
it's all fucked up  
by L.A.'s worst starjocking slut

there is no piece of ass worth a friendship  
a friend doesnt let a friend bang another friend's girlfriend  
there is no piece of ass worth a friendship  
a friend doesnt let a friend bang another friend's girlfriend

dude but dude  
i dont know  
sorry

say i am a fucking idiot  
i never should've gotten into it

and i will never do it again  
say say say  
i am a total piece of shit and undeniable hypocrite i promise not to do it a  
gain

your mind's a blank  
your face a prank  
like you took it point blank  
got runover by a tank  
low rank frank  
no lower than you sank  
when all by yourself  
you're the world's biggest wank  
with only you to thank  
ass butthole stank  
belching with all your own  
piss you drank  
and your own green spunk  
from your morning spank  
on your way to a dumpster  
with an armful of crank

there is no piece of ass worth a friendship  
dumb enough to go there nothing will mend it  
there is no piece of ass worth a friendship  
dumb enough to go there nothing will mend it  
nothing will mend it  
i dont recommend it  
i dont recommend it nothing

say

i am a fuckingg idiot  
should've never gotten into it  
i'm a fucking idiot  
i'm a fucking idiot  
into it  
into it  
into it

do do do  
do it again

say say say

do it again
