

Real Soon

Dada

I'm gonna need somebody
Someone to nail my soul to my shoes
I'm gonna need somebody
Real soon

I'm gonna meet somebody
It's just that right now my hair is a mess
I'm gonna clean my head up
Real soon

I'm gonna need somebody
Someone to pull my thumbs from these screws
I'm gonna need somebody
Real soon

Turn out the light
I'm sick of it all
I'm burned out tonight
I'll tune in tomorrow

I'm gonna free somebody
Together we can escape from this room
I'm gonna free somebody
Real soon

I'm gonna need somebody
Someone to nail their soul to my tomb
I'm gonna need somebody
Real soon
