

Time Is Your Friend

Dada

Time is your friend
Time is your pal
Don't you try to fight her
Time is a mustang
That you cannot tame
So don't you try to ride her
Time is a ship
Caught in the wind
Never always sinking
Time makes your bed
Then sleeps with your head
Sometimes I can't stop thinking
That I'm wasting so much of my life
Waiting for tomorrow
Ride the rocket
Kiss the locket
The sand is running down
Burn the candle
Turn the handle
I am here I'm now
Time is your blood
Pulsating flood
And everybody bleeds it
Time is a wish
You can throw coins at a fish
But your still gonna have to feed it
Time was my girl
Timeless white pearl
She left me on the shoreline
I'll think of her
She's forever
After and before time
I'm wasting so much of my life
Waiting for tomorrow
