

We're Gonna Make It

Damian Marley

Yeah! Yes mi lion!
Always look on the brighter side of life, you know
Nuh must!

Now
Don't you ever give up
Don't you ever give in
Don't you ever give up
Don't you ever give in
Don't you ever give up
Don't you ever give in
We will have our way some day
Don't you ever 'duttty'
Cause a better you clean
Hail up King Selassie plus
Omega the queen
Don't you ever give up
Don't you ever give in
Cause I...

I know we're gonna make it
It's not too late, No!
We're gonna make it
Yeah
Yes I know
We're gonna make it
It's not too late
We're gonna make it, Yeah

Searching for the light
Because your living in the dark
You must realize that
Jah was with you from the start
Glorify his works
And please be upfull in your
thoughts
Even though the ones who wish you well
Are few and far apart
People never thought that we would make it thru so far
Speak of love Jah children and be proud of who you are
Keep on concentrating on the brighter side of life
Don't let them get you down
Cause I...

I know we're gonna make it
It's not too late, No!
We're gonna make it
Yeah
Yes I know
We're gonna make it
It's not too late
We're gonna make it, Yeah

If your brother weak
Then you must help him if your if you strong
Love him for the right and do not judge him for the wrong
If your sister lost

Then you must help her find her way
She might just be the one to have to help you out some day
United we will stand up
Or divided we will fall
Love your one another
For the father love us all
Keep on concentrating on the brighter side of life
Don't let them get you down
Cause I...

I know we're gonna make it
It's not too late, No!
We're gonna make it
Yeah
Yes I know
We're gonna make it
It's not too late
We're gonna make it, Yeah

We will always share
Nuh care how meager the meal
Always speak the truth
Nuh care how ego wi' feel
I and I a root nuh care weh people believe
Don't you ever give up
Don't you ever give in
Seed that we will sew will
multiply in the field
Some a speak the word and some are doing the deeds
Don't you ever give up
Don't you ever give in
Cause I...

I know we're gonna make it
It's not too late, No!
We're gonna make it
Yeah
Yes I know
We're gonna make it
It's not too late
We're gonna make it, Yeah
