

# These Are A Few Of My Favorite Things

Dan Reeder

What does it feel like to get shot in the head?  
Every night I watch my daughter fallin' from a mile-  
high bridge.  
Sometimes the chainsaw bucks out of the log  
Will I ever win the lottery?

These are a few of my, a few of my favorite things.

What is it like to take your space helmet off on the moon?  
Sit in the gas chamber, falsely accused?  
Sometimes the telephone rings at 3 a.m.  
When the doctor have bad news

These are a few of my, a few of my favorite things.

Will I someday see the light of the coming saint?  
I see my house surrounded by fire trucks and flashing lights  
Sometimes people get out in the nick of time  
Is that car going to stop?

These are a few of my, a few of my favorite things.

What does it feel like to get shot in the head?  
Every night I watch my daughter fallin' from a mile-  
high bridge.  
Sometimes the chainsaw bucks out of the log  
Will I ever win the lottery?

These are a few of my, a few of my favorite things.
