

# Happiness

## Dance Gavin Dance

Drowning in the lake  
I only left her for a couple of seconds

And now she's gone

Waking up for what?  
As I pace back and forth  
Maybe it's time to move away  
But what would that prove anyway?

Listening to the answering machine  
Over and over  
Only to hear your voice one more time  
Just one more time

It's not your fault, that's what they all keep saying  
(That's what they all keep saying)  
Ruining my sight, there's nothing left  
Why do I bother praying?  
(Why do I bother praying?)

It's not your fault, that's what they all keep saying  
(That's what they all keep saying)  
Ruining my sight, there's nothing left  
Why do I bother praying?  
(Why do I bother praying?)

ohhh whoaaa ohhh..

Beg me for directions  
Like I have all the answers  
I neglected her life  
Now what, what do I do with mine?

Listening to the answering machine  
Over and over  
Only to hear your voice one more time  
Just one more time

It's not your fault, that's what they all keep saying  
(That's what they all keep saying)  
Ruining my sight, there's nothing left  
Why do I bother praying?  
(Why do I bother praying?)

It's not your fault, that's what they all keep saying  
(That's what they all keep saying)  
Ruining my sight, there's nothing left  
Why do I bother praying?  
(Why do I bother praying?)

Drowning in the lake  
I only left her for a couple of seconds  
(Drowning in the lake)  
(I only left her for a couple of seconds)  
I only left her for a couple of seconds  
(Drowning, drowning)
