

# Impossible Love

Daniel Johnston

You hurt me so bad, you were the best friend I ever had  
Now I'm crawlin' in my shoes  
Tryin' to get back to you  
Impossible Love  
I just can't get to you  
Impossible Love  
I'm tangled up in you  
You left me so long  
I can remember the times  
How we really cared, all the dreams that we shared  
Impossible Love  
I just can't get to you  
Impossible Love  
I'm tangled up in you  
My life just goes on, and what have I become  
You were the only one, you were my shining sun  
Impossible Love  
I just can't get to you  
Impossible Love  
I'm tangled up in you  
I just can't believe that it's all over  
I just want a chance to see you again  
To see you again  
You were my one true love, with the light from above  
And I'm hurting because I want more of your love  
But it's Impossible Love  
I just can't get to you  
Impossible Love  
I'm tangled up in you  
I have nothing to say, and my mind's in decay  
And I'm all alone, thinking of days gone by  
Impossible Love  
I just can't get to you  
Impossible Love  
I'm tangled up in you
