

Mind Movies

Daniel Johnston

You make a lot of movies in your mind
And you sure are impossibly unkind
And you've got me by the skull this time, I'm scared
And I sure can't simply disappear
You're everywhere all at once, and I fear
And I love you so,
And I can't let go
I am nowhere to be seen, I'm out to lunch
And I don't want things to turn out wrong
So girl don't you turn and run
I'm just a psycho trying to write a song
And talk is cheap; I'm just a creep for your love
And I love you so,
And I can't let go
You never were a zero 'till you died
And I never thought you existed 'till you cried
But you just can't prove a thing because you lied
You make a lot of movies in your mind
And you sure are impossibly unkind
You got me by the skull this time, I'm scared
And I can't simply disappear
And I love you so,
And I can't let go
And I love you so,
And I can't let go
And I love you
