

# Rock This Town

Daniel Johnston

Gonna rock, Gonna rock  
Gonna rock this town tonight  
Gonna Rock, Gonna rock  
Gonna rock this town tonight

And I love that marijuana  
It makes me feel so high  
Tell all your troubles good bye  
Somehow escape the lie of the Hollywood whore

And I'll never get in to heaven if I've been their  
before  
And all my dreams are broken I'm a mad man at your door  
And the cried a million tears I may never see her again  
I'm more dead then alive in her many spacious memories

Gonna rock, Gonna rock  
Gonna rock this town tonight  
Gonna Rock, Gonna rock  
Gonna rock this town tonight

And I love that marijuana  
It makes me feel so high  
Tell all your troubles good bye  
Somehow escape the lie of the Hollywood whore

She was so pretty we were kissing and everything  
I have a picture of her  
She was a foxy girl so cool  
And the macaroni and cheese always seemed to please  
And everyday was idol as they got down on their knees

Gonna rock, Gonna rock  
Gonna rock this town tonight  
Gonna Rock, Gonna rock  
Gonna rock this town tonight

And I love that marijuana  
It makes me feel so high  
Tell all your troubles good bye  
Somehow escape the lie of the Hollywood whore

We went downtown in the straight and narrow way  
And what did we find  
A real good time Austin Texas USA  
Let freedom ring everybody sing  
Linda McCarty is dead  
That's what the TV said

Gonna rock, Gonna rock  
Gonna rock this town tonight  
Gonna Rock, Gonna rock  
Gonna rock this town tonight

And I love that marijuana  
It makes me feel so high  
Tell all your troubles good bye

Somehow escape the lie of the Hollywood whore

I took my Guitar to a heavy metal store  
I told them all about the golden rule  
They just laugh in my face and called me a space case  
The last of the human race the last of the human race

Gonna rock, Gonna rock  
Gonna rock this town tonight  
Gonna Rock, Gonna rock  
Gonna rock this town tonight

And I love that marijuana  
It makes me feel so high  
Tell all your troubles good bye  
Somehow escape the lie of the Hollywood whore

Gonna rock, Gonna rock
