Rocket ship  
Rocket ship  
Going on a trip far away  
I'm leaving today  
Rocket ship  
My bags are packed I'm ready to go  
My bags are packed I'm ready to go  
10...9...8...7...6...5...4...3...2...1!  
The stars are blurry; we're going fast!  
Rocket ship  
Rocket ship  
Planet X  
There's this girl there  
Her name is X  
I say, "Hello, you don't know me but I don't know you  
either."  
Rocket ship  
Rocket ship  
Our bags are packed we're ready to go  
Our bags are packed we're ready to go  
10...9...8...7...6...5...4...3...2...1!  
The stars are blurry; we're moving fast!  
We're going on a trip far away  
We're leaving today  
Our home is our rocket ship
