

## Some Things Last A Long Time

Daniel Johnston

Your picture is still on my wall, on my wall  
The colors are bright, bright as ever  
Red is strong and blue is pure  
Some things last a long time  
Some things last a long time

Your picture is still on my wall, on my wall  
I think about you often, often  
I won't forget all the things we did  
Some things last a long time  
Some things last a long time

It's funny, but it's true  
And it's true, but it's not funny  
Time comes and goes  
All of the while, I still think about you  
Some things last a long time

Your picture is still on my wall, on my wall  
The colors are bright, bright as ever  
The things we did, I can't forget  
Some things last a lifetime  
Some things last a lifetime  
Some things last a lifetime  
Some things last a lifetime
