

# Everlasting Night

Dannii Minogue

We got a party to go to tonight

Come tonight  
Come tonight  
Come tonight  
Come tonight

Everlasting Night  
Everlasting Night  
Everlasting Night and it feels so right  
Everlasting Night  
Everlasting Night  
Everlasting Night and it feels so right baby

Don't get up in the morning  
There's no love to be found  
I'll wake you up in the afternoon and  
We'll watch the sun going down

Now we're free at last  
So forget the past  
It's the time to make it happen  
Now we're free at last  
So forget the past  
Oh Whoa Whoa

Everlasting Night  
Everlasting Night  
Everlasting Night and it feels so right  
Everlasting Night  
Everlasting Night  
Everlasting Night and it feels so right baby

Lovin' you in the daytime  
When there's no-one around  
Come again in the evening baby  
That's where my love can be found

Now we're free at last  
So forget the past  
It's the time to make it happen  
Now we're free at last  
So forget the past  
Oh Whoa Whoa

Everlasting Night  
Everlasting Night  
Everlasting Night and it feels so right  
Everlasting Night  
Everlasting Night  
Everlasting Night and it feels so right baby

Everlasting Night Oh I  
Everlasting Night Oh I

Oh Whoa Whoa baby

After the sun goes down we'll spend this everlasting night together  
After the sun goes down we'll spend this everlasting night together  
After the sun goes down we'll spend this everlasting night together  
After the sun goes down we'll spend this everlasting night together  
After the sun goes down we'll spend this everlasting night together  
After the sun goes down we'll spend this everlasting night together

Everlasting Night  
Everlasting Night  
Everlasting Night and it feels so right  
Everlasting Night  
Everlasting Night  
Everlasting Night and it feels so right baby

Everlasting Night Oh I  
Everlasting Night Oh I

Oh Whoa Whoa

Everlasting Night  
Everlasting Night  
Everlasting Night and it feels so right  
Everlasting Night  
Everlasting Night  
Everlasting Night and it feels so right baby
