```
You're perfection
(All that I want)
You're perfection
(Won't give you up)
```

He was standing in the middle, but thoughts of you remain Every time you leave me baby, I'm taken back again

You show me places that I've never been You give me love, I give you all I can! There's no doubt 'cause it's in everything that you do

You're perfection, you're all that I want
There's a reason I won't give you up
No, I can't lie- boy, you should know
I'm achin' inside
I'm achin' inside
You're perfection, you're all that I want
There's a reason I won't give you up
No, I can't lie- boy, don't you know
I'm achin' inside
I'm achin' inside, for you

No more fears, no more confusion when you're in my life My mind is under no illusion
Never felt so right

You show me places that I've never been You give me love, I give you all I can!

Boy you know you're so perfect
How can you be so damn perfect?
Boy you know you're so perfect
How can you be so damn perfect?
Boy, Boy, Boy, Boy, Boy (Perfection!)
