Thirteen

Bad luck wind been blowin' on my back I was born to bring trouble wherever I'm at With the number '13' tattooed on my neck That ink starts to itch Black gon' turn to red

I was born in the soul of misery And I never had me a name They just give me a number when I was young

Got a long line of heartache I carry it well The list of lives I've broken Reach from here to Hell And a bad luck wind been blowin' on my back Pray you don't look at me And I pray I don't look back

I was born in the soul of misery And I never had me a name They just give me a number when I was young

Found me with a preacherman confessin' all I done Catch me with the devil playing 21 And a bad luck wind been blowin' on my back I was born to bring trouble wherever I'm at

I was born in the soul of misery And I never had me a name They just give me a number when I was young When I was young When I was young When I was young
