

## Marching

Daryll-Ann

Marching marching till you pop  
Down with the parade of anger  
Forcing the boots forward till I drop  
Race till tomorrow afternoon  
Race till the morning and after

Raging raging from the top  
On the parade of laughter  
Keeping the mood up until I stop  
Face up tomorrow afternoon  
Face up tomorrow and after

Barking barking till you bite  
On the parade of anger  
Gotta keep the mood up until the fight  
Makes up for every afternoon  
War till tomorrow and afer  
Makes up for every afternoon  
War till tomorrow and afer  
Makes up for every afternoon  
War till tomorrow and afer
