

Cold Winter

Dave Davies

I've seen you, cold winter,
I know you, cold winter.
You showed me no mercy,
Still I shan't forget[?] the warning.
You'll never know how it feels to be loved.
I know you, cold winter,
You broke my heart, cold winter.
I missed you, warm summer,
Never thought I'd see you, cold summer.
You'll never know how it feels to be loved.
I thank you, cold winter,
Never leave that game[?] to life's story.
You healed me, cold winter,
You taught me how to face the morning.
