- 1. I saw a man on the side of the road
 With a sign that read
 "Will work for food"
 I tried to look busy 'til the light turned green
 - I saw a bear on TV and his friends were all drowning 'Cause their homes were turning to water
 A strange kinda sad big old bear
 I'm sure he would happily eat me
 He'd tear me to pieces that bear
- R: Wake up sleepy head I think...
- 2. Tell me everything will be OK if I just stay on my knees and keep praying believing in something Tell me everything is all taken care of By those qualified to take care of it all
- R: Wake up sleepy head I think...
- *: One day do you think we'll wake up
 In a world on its way to getting better
 And if so
 Can you tell me
- 3. I have been thinking that lately the blood is increasing
 The tourniquet's not keeping hold in spite of our twisting
 Though we would like to believe that we are we are not in control
 Though we would love to believe
- R: Wake up sleepy head I think...
