

Hey Gypsy

David Allan Coe

Hey gypsy, hey gypsy come on home
Even if its just to paint your wagon.
Old hobo, how long can this go on?
She's mending socks and sitting' home a nagging'

Hey outlaw, lets spend some time together
She said outlaw it doesn't matter whether were alone
Come on home

Hey drifter has your felling for her gone
Have you spent to many nights out on the highway?
Hey loner she said hit the road and sing your songs
It wont be long until I have your baby
