

# She Used To Love Me A Lot

David Allan Coe

I saw her through the window today  
She was sittin' in the Silver Spoon cafe  
I started to keep going  
But something made me stop  
She used to love me a lot

She looked lonely and I knew the cure  
Old memories would win her heart for sure  
I thought I'd walk on in there  
And give it my best shot  
She used to love me a lot

I sat down beside her and she smiled  
She said where have you been it's been awhile  
She seemed so glad to see me  
Lord, I could read her thoughts  
She used to love me a lot

She used to love me with a love that wouldn't die  
Looking at her now I can't believe i said good-bye  
It would only take a minute to turn back the clock  
She used to love me a lot

Well I reminded her how good it was back then  
I said you know it's not to late to start again  
We could spend a night together  
Take up where we left off  
She used to love me a lot

Then I panicked as she turned to walk away  
As she went out the door I heard her say  
Yes I'm in need of something  
But it's something you ain't got  
But I used to love you a lot

She used to love me with a love that wouldn't die  
Looking at her now I can't believe she said good-bye  
It would only take a minute to turn back that ol' clock  
She used to love me a lot  
She used to love me a lot  
She used to love me a lot...
