

Slow Down

David Banner

They call me David Banner
I'm like baby what it is
She like Oh you're looking good
Can me and you have some kids
I'm like: Hell no
Cause I'm all over ninth wonder beats
(But if you slow it down) You can come and take a seat
You look good
The way that I'm grippin up on this wood
In this cadillac all I wanna do get you on yo back

You love me? bitch don't love nothing but the fame
You be talking all that shit
And you don't even know my real name
(Lavell Crump)...
The signal Do you get the sign?
Do I rhyme? hell Yeah babydoll you out yo monkey ass mind,
If you think I'm broke, baby take a soak in a bath
All I did was ha ha ha laugh like...
Slow down
Baby girl slow down
Baby girl turn around
And I told her
Slow down
Baby you can come around
If you get off that pole and take yo ass up of the ground
Slow down

Her hands in my hands
In my pants fishin she working
Like a piston in a engine her body language insisting
That our flesh is headin for collision
And I wont need magnums in an instant
But I wonder why is girl is so persistent
But the kissing and licking makes me wanna put a chicken
In a position for the stcikin Imma stand up in it
And start clicking like click click click click clack
I'm gonna put her on the back
But something told me not to do that
Something is wrong
And I asked her why she gotta shake her ass on every song
She said I'm about to tell you why take my hand and come along

My rents due My baby sick too
Got a second job gotta yea gotta work that too
That's why I'm sliding down the pole
No assumptions needed I'm nobody's ho
I'm an independent woman I ain't got time for nothing
Can't slow down
I'm gonna get myself together when my situations better
I will slow down

Baby girl slow down
Baby girl turn around
And I told her
Slow down
Baby come around

If you get off that ...pop the ground
Slow down
I'm an independent woman I ain't got time for nothing
Can't slow down
