I bless you madly,
Sadly as I tie my shoes
I love you badly,
Just in time, at times, I guess
Because of you I need to rest
Because it's you
That sets the test

So much has gone
And little is new
And as the sparrow sings
Dawn chorus for
Someone else to hear
The Thinker sits alone growing older
And so bitter

"I gave Them life I gave Them all They drained my very soul ...Dry I crushed my heart To ease their pains No thought for me remains there Nothing can they spare What of me? Who praised their efforts To be free? Words of strength and care And sympathy I opened doors That would have blocked their way I braved their cause to guide, For little pay

I ravaged at my finance just for those
Those whose claims were steeped in peace, tranquility
Those who said a new world, new ways ever free
Those whose promises stretched in hope and grace for me"

I bless you madly,
Sadly as I tie my shoes
I love you badly, just in time,
At times, I guess
Because of you I need to rest, oh yes
Because it's you
That sets the test

So much has gone
And little is new
And as the sunrise stream
Flickers on me,
My friends talk
Of glory, untold dream, where all is God and God is just a word

"We had a friend, a talking man Who spoke of many powers that he had Not of the best of men, but ours We used him
We let him use his powers
We let him fill our needs
Now we are strong

And the road is coming to its end

Now the damned have no time to make amends

No purse of token fortune stands in our way

The silent guns of love

Will blast the sky

We broke the ruptured structure built of age

Our weapons were the tongues of crying rage

Where money stood We planted seeds of rebirth And stabbed the backs of fathers Sons of dirt

Infiltrated business cesspools
Hating through our sleeves
Yea, and we slit the Catholic throat
Stoned the poor
On slogans such as

'Wish You Could Hear'
'Love Is All We Need'
'Kick Out The Jams'
'Kick Out Your Mother'
'Cut Up Your Friend'
'Screw Up Your Brother or He'll Get You In the End'

And we know the flag of love is from above And we can force you to be free And we can force you to believe"

And I close my eyes and tighten up my brain
For I once read a book in which the lovers were slain
For they knew not the words of the Free States' refrain
It said:
"I believe in the power of good
I believe in the state of love
I will fight for the right to be right
I will kill for the good of the fight for the right to be right"

And I open my eyes to look around
And I see a child laid slain
On the ground
As a love machine lumbers through desolation rows
Plowing down man, woman, listening to its command
But not hearing anymore
Not hearing anymore
Just the shrieks from the old rich

And I want to believe
In the madness that calls 'Now'
And I want to believe
That a light's shining through
Somehow

And I want to believe And you want to believe And we want to believe And we want to live Oh, we want to live

We want to live
We want to live
We want to live
We want to live
We want to live

I want to live I want to live I want to live

I want to live I want to live I want to live

Live Live Live
