

New Angels of Promise

David Bowie

New Angels of Promise
We despair
We are the dead dreams
We take the blame
Take us to the edge of time
Take us to the edge of time
We are the fabulous lovers
I'm a blind man and she's my eyes

[CHORUS]
Suspicious minds
You didn't feel us coming
In this lonely crowd, it's always time
[2x]

New Angels of Promise
we despise
Don't fall apart now
We are the silent ones
Take us to the edge of time
Take us to the edge of time
We are the tabular lovers
We listen to the storm

[CHORUS]
