

One True Love

David Cassidy

D. Cassidy/S. Shifrin

Some roads are long
Some roads are heard
And sometimes I can't find my way
Just like tonight
I'm in the dark
There's really nothin left to say
I could get crazy
I could get mad
But right now baby
I just feel sad

Chorus:

I don't know how
I don't know where
I lost the one true love I had

I'll turn around and face the wind
Somehow I've got to fly again
No broken wings can keep me down
What I have lost can still be found
I think that maybe come lose or win
This road could take me to love again

I don't know how
I don't know when
I lost the one true love I had

I don't know how
I don't know when
But I am going to love again

Can't let myself think about the rain
Or the cold empty night starin at me again
I close my eyes somehow I've got to forget
Once you kiss that love good bye
You can never go home again

I think that maybe come lose or win
This road could take me to love again

I don't know how
I don't know when
But I am going to love again
