I can see it in your eyes
what I know in my heart is true
that our love it has faded
like the summer run through
and we'll walk down the shoreline
one last time together
feel the wind blow our wanderin' hearts
like a feather
but who knows what's waiting
in the wings of time
dry your eyes
we're gonna go where we can shine

Don't be hiding in sorrow or clinging to the past with your beauty so precious and the season so fast and hey, no matter how cold the horizon appears or how far the first night when I held you near we're gonna rise from these ashes like a bird aflame take my hand we're gonna go where we can shine (na na na na na na na na na, shine)

And for all that we struggle
for all we pretend
you know, you know, you know it don't come down to nothing
except love in the end
and ours is a road
that is strewn with goodbyes
but as it unfolds
as it all unwinds
remember your soul is the one thing
you can't compromise
step out of the shadow
we're gonna go where we can shine
we're gonna go where we can shine
we're gonna go where we can shine

(and look, and look)
Through the windows of midnight
moonfoam and silver
