

# Goodnight Sweetheart

David Kersh

Window seat  
30,000 feet  
Above the ground  
Blue moon beams on silver wings  
Brings me down  
Slipping off my coat for the long night flight  
I find a note she wrote last night  
I can almost hear those words  
As I close my eyes:

Goodnight Sweetheart sleep tight  
Where ever you are  
God hold you in his arms  
While we're apart  
Though you're far away  
Your love will stay  
Tucked away here in my heart  
Goodnight, sweetheart, sleep tight  
Where ever you are

These days I leave  
The one who needs me  
More and more it seems  
It's a high price that she pays  
For the dreams I dream

Goodnight Sweetheart sleep tight  
Where ever you are  
God hold you in his arms  
While we're apart  
Though you're far away  
Your love will stay  
Tucked away here in my heart  
Goodnight, sweetheart, sleep tight  
Where ever you are

Goodnight, Sweetheart, sleep tight  
Where ever you are
