

What's Your Pleasure

Daz Dillinger

Aye, yo, Dada, why'd'you hit 'em with one of those gangster ass videos?
Lay low, getting' this weed money, me and my cous'
Yeah, you know how we do
But I wanna hold that baby for a minute now
See, about to knock her
See what it takes for her to be knocked
What it is, trip

Baby, what's your pleasure?
I be there for you, baby!
Even through stormy weather
Baby, what's your pleasure?
Do you smoke?
Baby, what's your pleasure?
Even through stormy weather

Huh, what did you prefer, let me accommodate
To get your head up, to get your head straight
We started out with a quote, and now it's starting eight(?)
When you and Ali back, I blow it in ya face
I can tell that ya high because you' laughing
Now quit your babblin', girl, you blasting
She wants some cake in her system, she wants a shot of that
Moscato with the lemon, yeah, with a shot of yeah
Man, that's a hell of commendation, put you on your back
She take three more shots, she already did that
Now she in the mood tonight to get freaky
I can tell that she buzzing, she getting kinky
Yes, she loving and dabbing, she getting wild
In with more than one girl, Snoop in dial
Hit the stormy weather, yeah, it's fifty below
We in a smoke storm, baby, light it up and let's go!

Baby, what's your pleasure?
I be there for you, baby!
Even through stormy weather
Baby, what's your pleasure?
Do you smoke?
Baby, what's your pleasure?
Even through stormy weather

See, that's why we push it
And go faster
Tell me how to get it on
If you got the septic on the phone
We go and smoke it off to this door?

Girl I wanna smoke wit ya
You wanna smoke wit me
The first time I'm feelin out your fantasy
It's the man in me
And the woman in you
To make us do the things we do
We got something in common
I don't know what it is
We can be lost or we can be free
Now I did like many ladies in my day

But just like the smoke, they get blown away
Like a glass of wine, sit back and rewind
But back into time, let the feeling rewind
No, I don't know what it is and I don't know what it was
But it's DPG, me and my big cous'

Baby, what's your pleasure?
I be there for you, baby!
Even through stormy weather
Baby, what's your pleasure?
Do you smoke?
Baby, what's your pleasure?
Even through stormy weather
