Snap Your Fingers

Dean Martin

(Snap your fingers) And I'll come running
(Back to you) On bended knees
Snap your fingers I will come running
I'll be true take a chance on me

Let your light turn green Baby I got to know Give me some kind of clue Should I stay or go Let me love you like a lover That you used to know Turn the key and let me in To the same old door

I had it but lost it Now I got a broken heart to mend I don't care what the cost is Got to find a way back in So snap your fingers Baby I'll come running I'll do anything to get back again

I don't care what the cost is Got to find a way back in So snap your fingers Baby I'll come running I'll do anything to get back again To come back again (To get back again)
