

## Intruder

## Death Angel

Cast through the gates  
we're looking for you  
trying to run there's nothing you can do

Fight for your life  
Not gonna give up  
till we shoot you down

Intruder  
Intruder

Nowhere to hide  
Time's running out  
The angels' gonna take ya  
with no doubt

.. and then trapped  
just about to scream  
suddenly you wake up  
and it's just a dream

Intruder  
Intruder

You're running  
You're hiding  
You can't get away

You're screaming  
You're crying  
You're here to stay  
You're pleading  
You're begging  
My hearts' ..  
The truth will be .. tonight
