

## Leopard Flowers

Death in June

Lay only leopard flowers upon my path  
Lined by the drummers and scent of Aragon  
Faith is difficult and nature is all?  
Signed on the path from Aragon

Like an ideal falling, tumbling to earth  
Its wings broken so like wisdom  
Grey steel holes  
Open behind me  
Dark pink scars  
Run along beside me

Endless pointless  
Gaping chasm  
Ill-chosen, disappointing  
With little meaning  
Snow-white ferocity  
Your image did deceive me

Like an ideal falling, tumbling to earth  
Its wings broken so like wisdom  
Grey steel holes  
Open behind me  
Dark pink scars  
Run along beside me

Lay only leopard flowers upon my path  
Lined by the drummers and spears of Aragon  
Faith is difficult and nurture is all?  
Signed on my path from arrogance

Lay only leopard flowers upon my path  
Lined by the drummers and scent of Aragon  
Faith is difficult and murder them all  
Signed on the path from Aragon
