The Enemy Within

Death in June

These are strange days for you, me, and Germany
These are strange days we find ourselves in
These are strange days for you, me, and Germany
But, we have Honour, and with that we (we'll) win!
I had a fight with 3 piggies
Your enemy seems to be within
These are strange days for you, me, and Germany
But, we struggle, and together we'll win!

These are strange days for you, me, and Germany The storm clouds are gathered and gray These are strange days for you, me, and Germany So we find ourselves here today.

Snakes and devils surround us Friends are few and rare indeed Pig upon pig-dog will hound us But, we get stronger as they inbreed.
