

# The Glass Coffin

Death in June

The Robin's song in Winter  
Brings Virginity to a close  
Beware the wrecking angel  
Jackals gather, jackals know  
From within This Glass Coffin  
A Deeper Shade Of Brown  
From within This Glass Coffin  
A Storm Swept into town

With 13 glasses  
And, 1 last Toast  
To the coming of The Swarm  
For our Holy Ghost  
We say Goodbye  
To The Now  
We say Goodbye  
Vapour trail

It's A Good Sign  
If You Understand  
What flies, what flies symbolize  
It's A Good Sign  
(A little underhand?)  
What flies, what flies symbolize,.....

This Butterfly Effect  
It's got a Heart in Your Pain  
Ghosts settle on You  
Sun weeps for You  
For Twilight has come  
Flying close to The Sun  
With Fabian's Stick  
Grieving not weeping

The Robin's song in Winter
