Chaos Wartech

Deathchain

Tools of mass destruction gathered for genocide Signs of final chaos fires shall fill the sky

It's fucking war

Countdown to extinction, slaughter the lambs of war First strike is still deadly, deadliest of them all Massive killing machines, unleash the dogs of war Madness of the leaders, nuclear holocaust

Rebirth of terror...through deadly religions

Chaos wartech...death falls from the sky Deadly warheads...nuclear warfare Molten lava burns the earth Melting bones in fiery fallout

Immolated corpses laying in the ruins There is no escape and nowhere you're safe Acid rain, mushroom clouds Countless deaths, insane bodycount

Destruction of nations...by earthly damnations

Massive killing machines, unleash the dogs of war Madness of the leaders, nuclear holocaust Ruins are all that remain, of the kingdom lost Enter worlds beyond, leave this world behind

Chaos wartech...death falls from the sky Deadly warheads...nuclear warfare Molten lava burns the earth Melting bones in fiery fallout

Immolated corpses laying in the ruins There is no escape and nowhere you're safe Acid rain, mushroom clouds Countless deaths, insane bodycount
