Tell me what you know, and I'll tell you some more  
Jackie and CJ used to be  
Nobody knows, just you and me  
She calls him up, but he's not there  
He's out with someone else and that's not fair  
Say yeah, Say hey

M-Y-O-B-Mind your own business  
She don't know whose getting his kisses  
JR has gone and broken his vow  
He wants to tell her, but he don't know how  
Say yeah, Say hey

Woah I, I hope she understands  
He never meant to break her heart  
Oh now, now everything is different in my eyes

M-Y-O-B-Mind your own business  
She don't know who's getting his kisses  
Little girls start out everything nice  
Wearing pretty clothes made of sugar and spice  
Boys will be boys it's a fact of life  
When a heart breaks  
Someone pays the price  
What she don't know or hurt for sure  
And the doctor can't help  
'Cause there ain't no cure  
Now Jackie sits home thinking everything's fine  
But when she finds out  
It'll blow her mind  
And now, I don't know what to do

Oh I, I hope she understands  
He never meant to break her heart  
Oh now, now everything is different in my eyes

The Golden Rule  
That must be learned  
You may be cross  
But without you, girl  
It's really his loss  
What he don't know or hurt for sure  
And the doctor can't help  
'Cause there ain't no cure  
When Jackie finds out where he's spending his time  
And she walks out, it'll blow his mind  
And now, I don't know what to do

It's so hard, there is no easy way  
I can explain  
I just don't feel the same
