

Like I Did

Deborah Cox

Oh you think you found somebody that could treat you like I did
Spend their time doing for you, like I did
And be there when you say I need you, like I did
Now this I can't believe

Now do you really think she'll hold it down for you like I did
Take all this foolishness from you like I did
See if she doesn't she will leave you like I did
Then don't come runnin' to me

It could've been you and me but everything I feel is gone
You had a good thing in me now it's gone
The love I had for you is suddenly gone away from me
It could've been you and me but I feel like my heart is gone
I feel like a part of me and yes it is gone
I said I don't want to leave but I had to get gone
'Cause you hurt me

I don't need nobody who can't do right by me
I don't need you baby 'cause I'm worth much more you'll see
So just go 'cause I know you cannot be faithful
Don't believe she's like me, just do your thing
I choose to leave

Now when you realize you really had a good thing, like you did
Then you'll realize you dogged me, like you did
Wished you never thought of cheating like you did
Maybe then you'll see

It wasn't cool breaking promises to me like you did
Had no reason to deny me, like you did
Had no shame, you still lied to me like you did
Now it's easy to leave

It could've been you and me but everything I feel is gone
You had a good thing in me now it's gone
The love I had for you is suddenly gone away from me
It could've been you and me but I feel like my heart is gone
I feel like a part of me and yes it is gone
I said I don't want to leave but I had to get gone
'Cause you hurt me

I don't need nobody who can't do right by me
I don't need you baby 'cause I'm worth much more you'll see
So just go 'cause I know you cannot be faithful
Don't believe she's like me, just do your thing
I choose to leave

No matter what you do
Don't care what you say, gotta get away
I won't be second to no one
I can live with this choice I made
Won't look back, no way
I can make it on my own without you

I don't need nobody who can't do right by me
I don't need you baby 'cause I'm worth much more you'll see

So just go 'cause I know you cannot be faithful
Don't believe she's like me, just do your thing
I choose to

I don't need nobody who can't do right by me
I don't need you baby 'cause I'm worth much more you'll see
So just go 'cause I know you cannot be faithful
Don't believe she's like me, just do your thing
I choose to

It could've been you and me but everything I feel is gone
You had a good thing in me now it's gone
The love I had for you is suddenly gone away from me
It could've been you and me but I feel like my heart is gone
I feel like a part of me and yes it is gone
I said I don't want to leave but I had to get gone
Just do your thing I choose to leave
