

I Am Seeing UFOs

Dee Dee Ramone

It was the last thing I expected to happen
There was a blast of energy, from the sun
From the exposure, solar radiation
Something came from out of space or somewhere.

Did I get here on a rocket?
Or did I come from another planet?

I am seeing U.F.O's
I am seeing U.F.O's
I guess it's because I had a hard time out with you.

I am seeing U.F.O's
I am seeing U.F.O's
I guess it's because I had a hard time out with you
last night.

It's real in my imagination
I am comfortable in times like this (times like this)
When i'm in the bathroom brushing my teeth
I can't look in to the mirror - too light lamp

Did I get here on a rocket?
Or did I come from another planet?

I am seeing U.F.O's
I am seeing U.F.O's
I guess it's because I had a hard time out with you.

I am seeing U.F.O's
I am seeing U.F.O's
I guess it's because I had a hard time out with you
last night.

Did I get here on a rocket?
Or did I come from another planet?

I am seeing U.F.O's
I am seeing U.F.O's
I guess it's because I had a hard time out with you.

I am seeing U.F.O's
I am seeing U.F.O's
I guess it's because I had a hard time out with you
last night.

Oh oh yeah
oh oh yeah

Oh oh yeah
oh oh yeah
