

## Empowered by Blasphemy

Deicide

Reaping dispel, commence to kill, nothing can stop what you call  
is god's will  
Breathe in the ill, let upon earth, serpents of satan from fire  
return  
Killing the lambs, rites unperformed, rivers run red with the blood  
of their lord  
Pleading of prayers, cling to the dead, bring back the christ to  
be slaughtered again  
Empowered by blasphemy, raise the gates of hell  
End of time upon the earth, your lord of lords befell  
Caught up in death, back to the blade, christians destroyed and  
devoured in rage  
Born of the devil, soulless insane, spit from the fire to feast  
on the saved  
Behind the light, thorn of the blessed, never to bow before god  
to confess  
Heathen to some, shadowing fiend, appointed by satan to crush his  
mistake  
Empowered by blasphemy, raise the gates of hell  
End of time upon the earth, your lord of lords befell  
Bleed this world of christian blood, revelation dead  
Awaken from your prophecy and tear them all to shreds  
Turn the cheek and drink his blood, suffer in defeat  
Fall from grace and beg before your mortal enemies  
Tear out your heart, i will never pray,  
Fucked and forgave, don't believe what you say  
Where's your god  
Liar! He is dead  
Liar! Blasphemy  
Liar! Heaven sent  
Liar! Prey unto god, fool you to death  
Tear out your heart, i will never pray,  
Fucked and forgave, don't believe what you say  
Where's your god  
Liar! He is dead  
Liar! Blasphemy  
Liar! Heaven sent  
Liar! Prey unto god, fool you to death
