

## To Hell with God

Deicide

Missions of death, spread upon earth  
Preach in disguise of a god and his church  
No compromise, believe or you die, pray unto him and to follow  
his lies  
Buy into christ, he waits on you dead, sin for the father again  
and again  
Falter, diminished, salvation, enslaved, to hell with god and t  
o all that he gave  
Raise our glass to blasphemy and piss upon the altar  
Servants of the lord above, ignore the new world order  
Conquer us, unleash damnation, go from here into temptation  
Live in fear, for he forsakes you, lies endeared for all creati  
on  
Festering death, forsaken my soul, evil so ancient from elders  
of old  
Waging this world with its book of disgust, casting its will up  
on all who will trust  
Protests, won't leave them to be, spoiled by god and his beauti  
ful scheme  
Satan insists on his being, upon the earth and emplaced oversee  
ing  
Raise our glass to blasphemy and piss upon the altar  
Servants of the lord above, ignore the new world order  
Conquer us, unleash damnation, go from here into temptation  
Live in fear and no salvation, lies endeared for all creation  
To hell with god, you're damned to the edge of riddance  
To hell with god, you don't want to be forgiven  
Put aside your crucifix  
To hell with god, him and his son, do not believe the likes of  
a thief  
To hell with god  
To hell with god  
To hell with god  
Missions of death, spread upon earth  
Preach in disguise of a god and his church  
No compromise, believe or you die, pray unto him and to follow
