

Paris

Delerium

You m' conquered
I am éprise
I opened
I offered myself
With you my lover
You, my courtier
Our Connections are dangerous
And my reason is plugged
Our Connections are dangerous
And my reason is plugged
I was wary
You m' defied
I am ploughed up
You m' lied
You m' betrayed
You m' have ravaged
You fled summers
Our Connections are dangerous
And my reason is plugged
But j' felt all the dangers
When your two hands were posed
But all my body said to you yes
This d' day; summer,
only in Paris
(Paris)
(Paris)
You m' liked
You m' liked
You m' wounded
You m' disavowed
Our Connections are dangerous
And my reason is plugged
Our Connections are dangerous
And my reason is plugged
But j' felt all the dangers
When your two hands were posed
But all my body said to you yes
This d' day; summer,
only in Paris
