

Run For It

Delerium

I can't fight the fighter
I keep losing ground
And i can't hide the hider with you hanging around
I can't and i won't

You better run for your life, love, i'm walking i'm walking (2x
)

I can't love a hater, it's a losing game
Never love a quitter, you'll get left in the rain

I can't help the helper when my feet are bound
I can't feel you near me if you're not the only sound

You are, you're not
You better run for your life, love, i'm walking i'm walking (2x
)
You better count up your reasons, i'm leaving i'm leaving (2x)
You better count up your reasons

I'm leaving i'm leaving

How do you like the way it feels when i leave you? (2x)
Leave you

You better run for your life, love, i'm walking i'm walking (2x
)
You better count up your reasons, i'm leaving i'm leaving (2x)
You better count up your reasons
