

Reptile Queen

Demented Are Go!

deep down south where nobody cares
uncharted swamps only grandad knows
found his maps thought i'd go explore
gonna find a big croc thats for sure

out in the swamps late at night
the mist came down but the moon was bright
my boat it glided thru the murky water
gonna find a big croc gonna be a slaughter

hypnotised by those snake slit eyes
thrust it deep between those reptile thighs

reptile queen swamp slut bitch
reptile queen swamp slut bitch

deeper into that uncharted swamp
the boat went bang i just hot a stump
i tried to start the outboard motor
whats that gliding thru the water?

reptile queen swamp slut bitch
reptile queen swamp slut bitch

hypnotised by those snake slit eyes
thrust it deep into those reptile thighs

whats that gliding thru the water?
a scaly hand getting closer
lizard skin snake slit eyes
from the swamps she began to rise

well she dragged me down to her sunny hovel
chained me up made me spunk and grovel
now i'm her slave till the end of time
making love on her bed of slime

reptile queen swamp slut bitch
reptile queen swamp slut bitch
