Face me (face me)  
Take me (take me)  
Save me  
Don't try to change me

Face you (face you)  
Take you (take you)  
Save you  
I won't try to change you

Yes, yes

Here's my body that I'm giving to us  
Here's my arms that'll hold us up  
Here's my life dedicated to love  
I tried to give you everything you deserve

And I can't promise that it's gonna be fine  
But here I am if you're ready to try  
Here's my tears when you tell me those words  
Here's my life, for better or worse  
For better or

Yes, yes

Love me (love me)  
Earn me (earn me)  
Stay true, I'll never hurt you

Love you (love you)  
Earn you (earn you)  
Stay true, I'll do what I have to
